RIO THEATRE  
1205 SOQUEL AVE  
SANTA CRUZ  
CALIFORNIA

KEYNOTE  
SPEAKER:  
Tom Kerns PhD  
Educator  
Author of  
*Environmentally  
Induced Illnesses*  
& Director of  
*Environment &  
Human Rights  
Advisory (EHRA)*

*"The indiscriminate use of toxics and large scale contamination of air and water is more than an environmental problem and more than a public health problem. It is a moral problem. Poisoning people is wrong. Formal human rights documents declare that persons have moral rights – and governments have moral duties – and that one of the most basic is the right to a clean and healthful environment."*

Tom Kern PhD (Human Rights And The Environment – [www.toxipedia.org](http://www.toxipedia.org))
